

Flatbed Trailers

LM126

Flatbed

From the smallest LT85 to the largest LM187, all flatbed models are built around a welded steel, galvanized chassis fitted with bolt-on tapered drawbars and the Ifor Williams beam axle and leaf spring suspension.

Whenever there's work to be done you'll find a flatbed model to help you do it. Our flatbed trailers epitomise the flexibility of our commercial range. Purchasers from roofers to gardeners, small businesses to local authorities have all found that this range of trailers can carry heavy or bulky loads with ease.

The flatbed range is offered in width options ranging from 1.52m/5' to 2.25m/7'4" and length options from 2.44m/8' to 5.47m/17'11".

The maximum gross weight for the LT model is 2000kg, whilst the heavier LM models offer between 2700kg and 3500kg.

LM166 Tri-axle with optional headboard, electric winch, loading skids, propstands and lashing straps

Skid rail & holder

The LT/LM range (and TT105/126) feature a skid mounting rail and skid holder built into the rear of the trailer (1.83m/2.44m or 6'8' skids are optional extras).

Flatbed Trailers continued

The flatbed trailer range is normally supplied with twin axles. Tri-axle options are available on our LM6 and LM7 series models (except LM106 & LM127).

Tough, adaptable and easy to maintain, all models are fitted with a tough resin-coated plywood platform as standard. An option of aluminium treadplate covering is available, along with recessed lashing rings. Trailers can be further enhanced with accessories such as a headboard, ladder rack, dropsides or meshside extensions.

With the addition of a winch, rear propstands and either loading skids or the full-width ramp (1.83m/6' in length), the versatile flatbed can be used to carry loads, such as small plant, ride-on mowers, mixers, shredders, rollers and a multitude of mobile plant equipment.

Platform Width		Platform Length					Loading Height		Dropside Height
1525mm/5'	2440mm/8'	3010mm/9'10"	3620mm/11'10"	4230mm/13'10"	4770mm/15'8"	5470mm/17'11"	620mm/2'	620mm/2'	352mm/1'2"
1680mm/5'5"	LT/LM85	LT/LM105	LT/LM125				620mm/2'	640mm/2'1"	352mm/1'2"
1980mm/6'5"		LT/LM106	LT/LM126	LT/LM146			620mm/2'	640mm/2'1"	352mm/1'2"
1980mm/6'5"					LM166	LM186	670mm/2'2"		352mm/1'2"
2250mm/7'4"			LM127	LM147			620mm/2'	640mm/2'1"	352mm/1'2"
2250mm/7'4"					LM167	LM187	670mm/2'2"		352mm/1'2"

Loading heights differs depending on wheel size and trailer length, please contact your local distributor for more information.
